Shop Manual
Volume 1 of 2
FOREWORD

This shop manual is intended for car service technicians of authorized Hyundai dealers to help them provide efficient and correct service and maintenance on Hyundai vehicles. To ensure customer satisfaction with Hyundai products, proper service and maintenance by Hyundai technicians is essential. Consequently, it is important that service technicians fully understand the contents of this manual, which should be kept in a handy place for quick and easy reference.

All the contents of this manual, including photographs, drawings, and specifications, are the latest available at the time of printing. As modifications affecting service procedures with procedural technical details and/or supplementary volumes. This manual should be kept carefully up-to-date upon receipt of the new information.

All information in the shop manual is current at the time of publication. Hyundai Motor Company reserves the right to make changes in design or to make additional improvements in its products without imposing any obligations upon dealers for their own products or repairs manufactured.

JAN. 2008. Printed in Korea

This manual (volume 1) contains the engine groups.
For the chassis groups, refer to the volume 2.

CAUTION:
Severe engine and transaxle damage may result from the use of poor quality fuels and lubricants that do not meet Hyundai specifications. You must always use high quality fuels and lubricants that meet the specifications listed in the Recommended Lubricants and Capacities Chart on Page 60-14 in the General Information Section of the Shop Manual.

NOTE:
For the circuit diagram of each group, refer to the "2009 SONATA Electrical Troubleshooting Manual" (Pub. No. "AJAK-EUR10").
