

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Exterior body panels are constructed of various materials, due to the increased dent and corrosion resistance of modern composites. As several panels, such as fenders, doors, quarters, and rocker panels, are made from rigid thermoplastic. Fenders and rear fascias are constructed of thermoplastic olefin (TPO). The hood, roof, and deck are steel. Different materials require different procedures for preparing and refinishing. Before beginning any repair, identify the type of material involved.

Panel Identification

Identifying Symbol	Chemical Composition or Plastic "Family" Name	Typical Area Where Used	Common or Trade Names
FE	Polystyrene	Inner Fender Panels, Mirrors, Lenses, Inner Trim Panels, Sunroof Covers, Gas Tank Shields	Dynal, Fortiflex, Marlex, Astaton, H-Flex, Resolan, Paven
PP	Polypropylene	Kick Panels, Deflector Panels, Gas Panels, Inner Moldings, Radiator Shrouds, Hood Fenders, Bumper Covers	Proflex, Claflex, Marlex, Astik, Novolon, Tonex, Daplex, Esstonex
ABS	Acrylonitrile Butadiene Styrene	Instrument Clusters, Trim Moldings, Consoles, Armrest Supports, Steering Columns, Bumpers	ABS, Conolon, Abolon, Kowalox, Lustran, Kowal, Dye
ABS + PC	Acrylonitrile Butadiene Styrene + Polycarbonate	Instrument Panels, Exterior Door Panels, Rocker Panel Covers	Epilomak, Triton, Cycloyl, XN1
EPDM	Ethylene Propylene Rubber	Bumper Covers	TPO, TRP (Thermoplastic Rubber EPDM)
PA + PPE	Polyamide + Polyethylene Ether	Fenders	GTX
