How to Use This Manual

This manual contains technical information for the 1997 - 2000 CR-V. It is divided into 24 sections. The first page of each section is marked with a small red flag icon on each corresponding month index tab on the page and the back cover. You can quickly find the first page of each section without having to go through a lot of contents. The symbols printed at the top corner of each page can also be used as a quick reference system.

Each section includes:

1. A table of contents, or an exploded view index showing:
 - Part identification sequence
 - Part location and thread data
 - Page reference to descriptions in text
2. Disassembly/assembly procedures in text
3. Inspection
4. Tightening/loosening
5. Repair
6. Adjustments
