

#Jenny

*Finally I get this ebook, thanks for all these I can get now!*

#Rio

*Cool! I'am really happy*

#Markus Jensen

*I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook*

#Hun Tsu

*wtf this great ebook for free?!*

#Che Salsa

*My friends are so mad that they do not know how I have all the high quality ebook which they do not!*

#Diego Butler

*so many fake sites. this is the first one which worked! Many thanks*

#### PROCEDURE:

The Engineering Manager and Executive Housekeeper will develop a manual system of energy management for the Housekeeping Department. The system must be customized for each property but will include the following considerations.

#### Guestrooms

1. Guestroom thermostat setting - winter
  - a. Unoccupied - off - 65 degrees
  - b. Occupied guest absent on 65 degrees
  - c. Occupied guest present on leave alone
2. Guestroom thermostat setting - summer
  - a. Unoccupied - off - 75 degrees
  - b. Occupied guest absent - on - 75 degrees
  - c. Occupied guest present - on - leave alone
3. Sheer Drapes
  - a. Unoccupied - closed
  - b. Occupied guest absent - closed
  - c. Occupied quest present - leave alone
4. Black out drapes
  - a. Unoccupied - leave a 12" maximum opening to allow light infiltration.
  - b. Occupied guest absent - close, but allow a 12" maximum opening for light infiltration.
