*so many fake sites. this is the first one which worked! Many thanks*

1 Turn the camera off.

The EG-D2

Turn the camera off before connecting or disconnecting the EG-D2.

2 Open the cover protecting the AV-out and DC-in connectors.

3 Connect the EG-D2. Insert the black plug to the camera AV-out connector. Connect the yellow plug to the video-in jack on the television or VCR and the white plug to the audio-in jack.

4 Tune the television to the video channel.

5 Turn the camera on. During playback, images will be displayed on the television screen or recorded to video tape; the camera monitor will remain off. Note that the television may not be able to display the entire image when pictures are played back.
