#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

7 - STEERING

SES - VARIABLE POWER STEERING

From V.I.N. 1 965 001, 505 TURBO INJECTION and V6 models are fitted, depending on market, with variable power steering.

This equipment adapts the degree of steering assistance to vehicle speed so as to optimize steering effort, by providing:

- vehicle stationary = maximum assistance
- at low speeds = medium assistance
- at high speeds = minimum assistance

It comprises:

- familiar power steering components, with, however, differences:
 - high pressure pump (1) (output and pressure increased)
 - ram (2) (stroke reduced)
 - control valve (3) (modified response) identified by a green protector
- variable power steering components:
 - power steering servo (4) mounted under the battery
 - power steering control unit (5) located behind the glove box
 - speed sensor (6) fitted to the speedometer cable
