#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Weekly checks 0-11

Introduction

There are many easy weekly checks which need only take a few minutes to carry out, but which could save you a lot of inconvenience and expense.

These 'Weekly checks' require no great skill or special tools, and the smallest amount of time will be able to perform, could prove to be very well spent, for example:

- Keeping an eye on tyre condition and pressures, will not only help to stop them wearing out prematurely, but could also save your life.
- If your car develops a brake fluid leak, the first time you might know about it is when your brakes don't work properly. Checking the level regularly will give advance warning of the kind of problem.
- Many breakdowns are caused by electrical problems. Battery-related faults are particularly common, and a quick check on a regular basis will often prevent the majority of these.
- If the oil or coolant levels run low, the cost of repairing any engine damage will be far greater than for the look, for example.

Underbonnet check points

1.7 litre DOHC 16-valve (Suzuki engine)

- A Engine oil level dipstick
- B Engine oil filler cap
- C Coolant reservoir (expansion tank)
- D Brake fluid reservoir
