#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

QUALIFICATIONS SUMMARY

Manufacturing engineer with experience improving quality, profitability and processes within the plastics injection molding manufacturing industry. Demonstrated ability to design for manufacturability and implement quality standards. Strong understanding of plastics industry manufacturing processes such as precision injection molding, mold construction, plastic joining technologies, precision machining, assembly and packaging.

PROVEN EXPERTISE

- Plastics Manufacturing Processes
- Process Engineering & QA Management
- R&D for Manufacturability
- Mass Manufacturing
- ISO 9001 Standards
- Lean Manufacturing / Kaizen / Six Sigma
- Cost Controls / Scrap Reduction
- ERP & MRP

PROFESSIONAL EXPERIENCE

ABC COMPANY (Sometown, OR)
\$15 million global manufacturer and supplier of precision molded plastic components
Manufacturing Engineer, 6/2014 to Present
Implement and refine manufacturing processes by applying continuous improvement and lean manufacturing principles to all areas of production. Outcomes:

- Reconfigured 25,000 square-foot plant layout, which improved worker efficiency, reduced material waste by 12% monthly and reclaimed 2,250 square feet of space.
- Upheld quality standards that helped the operation earn ISO 9001 recertification in 2016.

DEF COMPANY (Sometown, OR)
Full-service custom manufacturer of precision plastic injection molds
Manufacturing Engineer, 9/2011 to 6/2014
Provided engineering excellence for six new product introductions, handling all phases of manufacturing from concept through production launch. Outcomes:

- Managed pre-design discovery, 3D modeling, prototype build, mold construction, QA, test plans and order fulfillment.
- Served as a member of the Manufacturing Engineer Group accountable for developing cost-effective solutions to manufacturing production issues.

GHI COMPANY (Sometown, OR)
Provider custom injection molding of precision plastic parts
Plastics Press Operator, Summers 2010 and 2011

- Handled high-volume molding of precision parts for the automotive industry.

EDUCATION

BS in Manufacturing Engineering Technology, 5/2011 — ABC COLLEGE (Sometown, OR)
Plastics Engineering Technology Certificate, 12/2011 — ABC College (online program)

- Plastic, Commodity Thermoplastics, Engineering & Thermoplastic Resins, Plastics Processing, Additives for Polymeric Materials, Advanced Injection Molding, Polymer Processing,
