#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

2 | SAMANTHA NICHOLS

SENIOR OPERATIONS PROGRAM MANAGER, MANUFACTURING MANAGER, 2000 – 2007

TEXT ENGINEERING MANAGER Fremont, CA

Confidential Corporation

Managed the contract manufacturing process flow for the (ESM) equipment fleet and modules for customer systems and robotics product line ensuring that all products met engineering specifications and manufacturing requirements.

- Increased efficiency 30% by developing, initiating and supporting new test procedures and practices.
- Managed \$5.5M line delivery by planning and coordinating resources and milestones and promptly resolving issues between Singapore and the US.
- Decreased assembly and test cycle time 32% by implementing MPY (Manufacturing Process Instructions) / ATP (Acceptance Test Procedures) and manufacturing processes and by tracking internal quality using metrics and quality meetings.
- Led a team of 23 engineers and test technicians to perform a variety of project management responsibilities for ECU releases, manufacturing test requirements, customer field and quality issues.
- Directed all aspects of transferring the entire manufacturing operations overseas to Singapore ensuring all documentation was accurate and process flows were validated.
- Secured a \$5M increase in efficiency and accuracy by documenting new test installation procedures.

MANAGER, FINAL TEST - APCVD and Automated Systems Final Test Department 1988 – 2000

Confidential Corporation Scotts Valley, CA

Directed final test activities for APCVD (Atmospheric Pressure Chemical Vapor Deposition) Reactors and roboto under handling systems and managed an annual manufacturing budget of \$1.8M; led a direct staff of four leads and thirty technicians.

- Decreased customer complaints by implementing test procedures on the floor to measure quality defects and ensure all product quality and all customer requirements were being attained.
- Achieved 100% on-time delivery for a three year period by meeting strict customer delivery deadlines
- Improved system shipments from < 25% to 100% on-time delivery shipment of entire product line to realize >\$25 million in record sales.
