Map

Vehicle equipment

This chapter describes all standard, national and special equipment provided in the model series. Equipment not available in the vehicle is therefore also described, for example the selected special equipment or country variant. This also applies to safety-relevant functions and systems. Comply with the relevant laws and regulations when using the corresponding functions and systems.

Calling up the map

1. "Navigation"
2. "Map"

The map can also be directly called up with the button on the Controller.

Overview

General

The map can be operated using iDrive. For an explanation of the principle of operation using iDrive, see Owner's Handbook for the vehicle.
