

Download File PDF Reset Manual Canon Mp145

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Reset manual 'Ink Absorber Full' untuk pixma MP145 'Tested'

Reset manual "Ink Absorber Full" untuk pixma MP145 (Pesan error E27) sebenarnya, cara kerjanya sedikit mirip dengan MP 150 atau MP 160, begitulah caranya :

- Entering service Mode

1. Matikan printer (pake tombol power, tdk dicabut powernya)
2. Tekan tombol stop / reset (jangan dilepas)
3. Tekan tombol power (sampai led power menyala)
4. Lepas tombol stop/reset, tekan tombol stop/reset 2 kali dan lepas tombol power.
5. Tunggu sampai LED seven segment (bukan led power) menunjuk angka 0 >>> BAGIAN YANG PENTING
6. Tekan tombol stop/reset 4 kali
7. Tekan Tombol power 1 kali (Roller kertas akan berputar, led power berkedip)
8. Tunggu sampai LED berhenti berkedip dan printer stand by
9. Tekan tombol power untuk mematikan printernya dan jika tidak bisa mati cabut kabelnya
- 10 Nyakikan lagi...

Kalo belum bisa ulang lagi dari langkah 1, karena saya sudah melakukan teknik ini berkali-kali dan berhasil semua. Semoga bisa membantu.
