so many fake sites. this is the first one which worked! Many thanks

Reliability is essential to your home comfort. That's why we've engineered our gas furnace with the **PlusOne® Ignition System**. Our **Direct Spark Ignition** is a Rheem-exclusive feature that's nine times more reliable than most hot surface igniters. It's also the same proven design used in commercial HVAC equipment and gas home appliances. Our patented heat exchanger is quick and easy to clean - when needed - by your local Rheem Dealer. And a clean furnace is a long-running furnace.

Quiet operation is the result of a **tighter door seal** that helps eliminate whistling. We've also added **rubber grommets** on the motor mounts and a **twist-lock wire harness in the blower shelf**. The result is an impressively quiet furnace.

Fast and accurate diagnostics are a big benefit to both you and your dealer. The Rheem Classic Plus™ Series Gas Furnace features **PlusOne® Diagnostics**, our industry-first 7-segment alphanumeric LED display that simplifies troubleshooting. Just in case there's a need, service calls are faster, which ultimately saves you money.
