#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

PROFESSIONAL™ & FURY GAS WATER HEATERS

now with smaller diameters!

Professional

SPECIFY LP GAS WHEN ORDERING. Add "P" suffix to the model number and change BTU input. Example: PRO40-36PFV1.

- 40 and 50 gallon models meet SCAQMD rule 1121 or SCAQMD rule 1146.2.
- 75 gallon model features side water connections for space heating applications.

† Energy Factor for 75 gallon LP model.

These units are designed to meet or exceed ANSI (American National Standards Institute) requirements and have been tested according to C.S.A. test procedures and meet or exceed the applicable requirements of NRCan. A2/M42 standard #2, and all government regulations for maximum allowable levels for energy consuming appliances.

Before purchasing this appliance, read important energy cost and efficiency information available from your supplier.

Rheem Guardian System Features...

Exclusive Combustion Shut-off System
Should a gas incident occur, the Anfuel will shut off the gas supply and the air supply preventing a restricted vapour form in the combustion chamber.

Flame Arrestor Plate
A specially-designed flame arrestor plate prevents any vapours outside the combustion chamber.

Maintenance Free
Superior air filtration prevents dirt, dust and other foreign debris from clogging the fan, drain and other vital components.

*In keeping with its policy of continuous progress and product improvement, Rheem reserves the right to make changes without notice.
