#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Sidekick 2 Instruction Manual

Important Safety Information

Read all safety information before operating the equipment. Save these instructions.

HAZARD: EXPLOSION OR FIRE
Solvent and paint fumes can explode or ignite, causing property damage and/or severe injury.

HAZARD: HAZARDOUS VAPORS
Paints, solvents, insecticides, and other materials may be harmful if inhaled, causing severe nausea, fainting, or poisoning.

HAZARD: GENERAL
May cause property damage or severe injury.

PREVENTION:

- Exhaust and fresh air introduction must be provided to keep the air within the work area free from accumulation of flammable vapors.
- Avoid all ignition sources such as static, electrical sparks, open flames, pilot lights, hot objects, cigarettes, and sparks from connecting and disconnecting power cords or working light switches.
- The extinguishing equipment must be present and in working order.
- Do not use materials with a flashpoint below 100°F (38°C). A fluid's flashpoint is the temperature at which vapor from the fluid could ignite if exposed to a flame or spark. Consult your paint supplier for information about a fluid's flashpoint.
- Keep the unit in a well-ventilated location away from the work area. The pump contains arcing parts which emit sparks.
- Read all instructions and safety precautions before operating any equipment. Never leave the unit running while unattended. Unplug whenever not in use.
- Never remove the unit into any liquid.
- Comply with all appropriate local, state and national codes governing ventilation, fire prevention, and operation.
- This paint roller system is designed to be used with authorized parts only. When using the system with parts that do not comply with the minimum specifications and safety devices of the system manufacturer, the user assumes all risks and liabilities.
- Before each use, check all hoses for cuts, leaks, abrasion or bulging of cover or damage or movement of couplings. If any of these conditions exist, call Customer Service.

Note: Additional warnings are contained on the tag attached to the electrical cord of the unit. Be sure to read this tag before operating the unit.
