

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Motorcycle Garage Door Remote Control Model M5-10

1 INTRODUCTION

In this package, you will find a transmitter with 120mAh battery and a receiving module, a garage door receiver, a wall switch.

2 INSTALLATION

The following instructions will show you how to install the receiver. The receiving module is already installed on the transmitter. You can use it to control the garage door.

3 RECEPTION

1. Press the wall-mounted door control from the wall by depressing the receiver. Control the receiver with the wall-mounted door control (Please refer to the manual).

4 TRANSMITTER

1. Press the transmitter button to test the receiver. The receiver will respond by flashing the LED light.

5 TROUBLE SHOOTING

1. Check the receiver and transmitter are properly connected. 2. Check the receiver and transmitter are properly connected. 3. Check the receiver and transmitter are properly connected.
