

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Product description

Remote Station

No.	Designation	Description
1	Keyboard	Remote station keyboard with key switch
2	Remote station computer	Data exchange with local station via network connection
3	Flat screen monitor	Displays live image of the current data

Description of the keyboards

The local and remote station keyboard are identical in construction, except that the remote station keyboard hasn't got an emergency stop.

The keyboard keys are divided in four main key panels: The control key panel, the priority key panel, the image enhancement key panel and the function key panel.

In the following the function of each key will be explained. Depending on your ego system configuration the layout of the keyboards are different.

Local station keyboard

Fig. 8: Keyboard of the local operator station

Important!

If the system is operated without a remote station, the layout of the ego local station keyboard is identical to the remote station keyboard, with an added emergency stop switch (C 13, Remote station keyboard).
