#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

TORO Power Max™ 826LE Snowthrower Form No. 3393-084
Model No. 58850-Serial No. 2609-0091 and Up

Operator's Manual

Introduction

Read this manual carefully to learn how to operate and maintain your product properly and to avoid injury and product damage. You are responsible for operating the product properly and safely.

You may contact Toro directly at www.toro.com for product and accessories information, technical assistance, or to register your product.

Whenever you wear, service, operate, Toro parts, or additional information, contact an Authorized Service Dealer or Toro Customer Service and have the model and serial number of your product ready. The illustration below identifies the location of the model and serial numbers on the product. Write the numbers in the space provided below.

Model # _____
Serial # _____

Warning

California Proposition 65 Warning

The engine exhaust from this product contains chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm.

This spark ignition system complies with Canadian CSZ-01.

The enclosed Engine Owner's Manual is supplied for information regarding the U.S. Environmental Protection Agency (EPA) and the California Air Resources Board (CARB) regulations of emission systems, maintenance and warranty.

Keep this engine Owner's Manual with your unit. Should this engine Owner's Manual become damaged or missing, replace immediately. Replacements may be ordered through the engine manufacturer.

Safety

This snowthrower meets or exceeds the EPA's specifications of the American National Standards Institute in effect at the time of production.

Read and understand the contents of this manual before the engine is ever started.

⚠ This is the safety alert symbol. It is used to alert you to potential personal injury hazards. Obey all safety messages that follow this symbol to avoid possible injury or death.

Improperly using or maintaining this snowthrower could result in injury or death. To reduce this potential, comply with the following safety instructions.

The following instructions have been adapted from the ANSI/ISO operator 01-1.3-1999 and the ISO 6027-1999 standard.

Important Notes:

- Change gears or reverse hazard that will cause serious injury or death if you do not follow the recommended procedure.
- Warning signals or hazard that may cause serious injury or death if you do not follow the recommended procedure.
- Caution signals a hazard that may cause minor or moderate injury if you do not follow the recommended procedure.

This manual uses 2 other symbols to highlight important information: important safety attention to special maintenance information and those comprising general information worthy of special attention.
