so many fake sites. this is the first one which worked! Many thanks

Software Engineering Tutorial

decomposes functions into sub-functions in a hierarchical manner. It depicts the functions performed by system.

HPO diagrams are good for documentation purpose. Their graphical representation makes it easier for designers and managers to get the pictorial idea of the system structure.

In contrast to Input Process Output (IPO) diagram, which depicts the flow of control and data in a module, HPO does not provide any information about data flow or control flow.

Example

Both parts of HPO diagram, Hierarchical presentation, and IPO Chart are used for structure designing of software program as well as documentation of the same.
